

**Emma Berson Co Vice Chair**

Emma Berson wears many hats at Shred Kids' Cancer. On one hand she is extremely artistic and has single handedly created almost all of the flyers and posters for Shred Kids' Cancer over the years. On the other hand, she is incredibly technical and has worked on creating a facebook page (when facebook was new), creating a leading edge custom iphone app with compiling custom code. She has helped by soliciting other kids to help out as well as solicited items for the silent auction and is always eager to lead the charge and is incredibly efficient at following through on her tasks.

In her free time Emma enjoys playing guitar, art, and being on the leading edge of style. She currently attends 8<sup>th</sup> grade at The Mirman School for The Highly Gifted in Los Angeles.
